Good morning, neighbors.

I've been appointed head of the committee that is gathering information and developing options regarding the discussed bike path along the perimeter of NFATC. The committee is composed of neighborhood residents with varying views regarding the bike path and a number of other neighborhood concerns related to the NFATC changes. We have three committee members that live adjacent to the discussed path - one from 5th Street S. and two from 6th Street S, as well as four members from the rest of the neighborhood, one of whom is from the 2nd/3rd St. S area.

We've met and we decided that what we really need is additional information. We've not yet met with State but we will be meeting with them the Monday after Easter. At that time we will hope to know much more. The County will also be represented at that meeting and at least one other civic association will be invited.

We hope to have additional information at that time.

Please reach out to the committee members to ensure that they understand your concerns. The members are:

Danielle Arigoni for 3rd Street  
Jacob Tsizis from 5th Street/Stratton House  
Chris Argentieri from 6th Street  
Pat Walkup from 6th Street  
Mike Rhode - 7th Street  
Eric Owen - 6th Street (the opposite side from the NFATC)  
Rodrigo Abela - 9th Street

One item of note - someone mentioned that the county has \$4M set aside and available to help build an alternate path. That \$4M is for the renovation of all of Alcova Heights Park - baseball field, playground, bathrooms, picnic areas, basketball court, etc. While some of that funding may or may not be used for another bike path, there is no \$4M of funding designated for a bike path.

Thanks,  
EO
